ABOUT ME

First-year Computer Engineering student with hands-on experience from school programming, interface, and hardware projects. I have led student teams, built working web and Android projects, and contributed to a physical kiosk. I am currently looking for small freelance website projects and opportunities to keep improving as a developer.

EDUCATION

2026 - Present
Technological Institute of the Philippines

Bachelor of Science in Computer Engineering
First-year Computer Engineering student.

2024 - 2026
STI College Fairview

Senior High School Diploma, ICT Strand
Completed programming and software development projects, served as ICT Club Auditor, managed a TypeRacer competition, and led programming project teams.

PROJECT EXPERIENCE

ASSISTANT PROJECT LEADER

February 2026 - June 2026

eTickette - Group Capstone Project

- Supported group planning and delivery for a smart queue system for school Registrar and Cashier services.
- Coded the first web page in HTML and CSS and focused on the physical kiosk setup.

LEAD DEVELOPER WITHIN A STUDENT TEAM

April 2025 - June 2025

FireFlies - HTML, CSS, and JavaScript Web Game

- Led development of an educational creature-collecting game focused on programming and debugging.
- Built character interactions, dialogue activities, and coding challenges with the team.

LEAD DEVELOPER

Grade 11 - Two months

Beyond the Lens - Java and Android Studio School Project

- Built an Android app for discovering photographers, creating an account, and viewing profile galleries.
